

My name is Olga Valova. With me, you will get a wide range of technical knowledge, design experience and proven skills (highlight below). I have a strong interest to develop new skills.

- One of the responsive web-sites that I have made from the scratch is for the Oulu gaming company Belle Games <http://bellegames.net/>
- During my studies I was developing the web platform for Alumni
- Social community design and management <http://vk.com/oamkuas>
- Co-author of "Group Knowledge Creation and Transfer Works" presented at the 10th International Workshop on Knowledge Management, Bratislava, Slovakia.
- Cooperated with the Student admission office of OAMK in order to increase the amount of applicants to it.
- My key attributes: goal-oriented, determined, self-motivated. Comfortable in multicultural working environment. Strong team player. Able to work independently and set own goals. Can be trusted to deliver.

I have been always continuously improving my technical knowledge by learning new web technologies, methodologies and approaches.
