This is the official home page for BelleGames Ltd, a game studio from Oulu, Finland. We develop fun and casual games for Windows Phone and Windows 8 platforms, now we have also The Deepest Dive and Castle Defenders games available in Android market.

Our games are created in retro style with fantastic music. The emphasis is on non-violent games with a strong background story. Now the company is focusing on gamified health care solutions. BelleGames is with GASEL project (gamified services for elderly) and will develop a gamified, interactive service for elderly needs. Our cooperation network is global and large.

We want to listen to our community carefully and take valuable feedback from our end user to tailor our games.
